

Year 3 Homework

Fantastic science homework this week; some good plant information was found out. Well done! Recently in maths we have been looking at horizontal and vertical lines as well as parallel and perpendicular lines. Can you label the following pairs of lines as parallel or perpendicular? Then, using a ruler, can you draw a picture using only parallel lines and perpendicular lines? Make sure you label them!

(Tables test - depends on group) Good luck!

Can you label all the lines which are parallel or perpendicular? Use arrows for parallel lines and a right angle sign for perpendicular lines.

Can you draw a picture using only parallel lines and perpendicular lines?

Label any parallel or perpendicular lines. Use arrows for parallel lines and a right angle sign for perpendicular lines.
