## Homework to be completed by Wednesday 17th April

## Part A (everyone should do this section)

- Write the name of these 2D and 3D shapes?
(You are allowed to use the internet to help you!)
TIP - Search for 'BBC 3D Shapes' on the internet - watch the short videos.

Part B - 2D Shapes (have a go at this section if you feel confident)

- Add some angle information to the shapes (acute, right, obtuse, reflex)
- Label parallel and perpendicular where relevant.
- Identify any lines of symmetry.

Part C-3D Shapes (Challenge)

- Add the number of vertices and edges to the descriptions

## TEST

There will be a test on Wednesday to check how well you remember these.

This week's spellings: 2B Week 4

$$
\begin{array}{|c}
\Delta \frac{\square}{\square} \frac{\square}{\Delta} \square \\
\Delta \square \\
\Delta \square \\
\square
\end{array}
$$

## Name the 3D Shape
