Dear Parent/Carer,

3 February 2023

Next week is Children's Mental Health Week. This year's theme is Let's Connect. Let's Connect is about making meaningful connections. People thrive in communities, and this connection is vital for our wellbeing. When we have healthy connections – to family, friends and others – this can support our mental health and our sense of wellbeing.

To tie in with Children's Mental Health, I would like to let you all know about the new READ WELL area that is going to be available in the library.

The READ WELL area has a new selection of fiction and non-fiction texts covering mental health and wellbeing, understanding feelings and worries, LGBTQ+, health conditions and motivational/inspiring books for both KS1 & KS2.

To promote this area in the library, we are encouraging the children to get involved by making a poster. The idea of the poster is to drive awareness that this support is available and highlight what the READ WELL area is about. We can then choose one poster from each class to display in the library or around the school.

SAFER INTERNET DAY – Tuesday 7 February 2023

As parents and carers, you play a crucial role in empowering and supporting children to use digital technologies responsibly and respectfully. Indeed, parental influence, guidance and education have a significant and long-lasting impact on children's safety and wellbeing in the online world. There are plenty of ways for you to participate in Safer Internet Day, whether it is by ensuring an open dialogue with your children, educating them to use digital technologies safely and positively, or acting as digital role models. To help you achieve that, you may want to have a look at <https://www.saferinternetday.org/resources> where you will find a range of resources to use with your children.
