Dear Parent/Carer,

1 April 2022

I am delighted that we are now able to begin inviting parents back into school for meetings and events. It was especially delightful to welcome so many of you yesterday to share the reception pupils' Dinosaur performance – it was roarsome!

Some of these opportunities will be to share what your child has been learning in school. We call these “Learning Destinations”, because it fits with our idea of learning being a journey.

Each half-term is the beginning of a new learning journey. Each learning journey begins with a launch event and is boosted by a trip; event; or visitor later in the half-term. Each learning journey ends when it reaches its learning destination: An event or showcase of learning to celebrate the pupils' work.

Y3 Stone Age Day

Y1 Exploration through scientific Investigations

An overview of your child's learning journeys can be found by visiting their class page on our website.

We are proud that our curriculum goes beyond the requirements of the National Curriculum and encompasses creative, cultural and sporting opportunities.

Our curriculum ensures that every child develops the key learning steps and will receive experiences and opportunities to develop their knowledge and skills in different ways.

We ensure that learning at Seamer and Irton CP School broadens the values and opportunities for every child as they grow and develop.

You can find full details of the school's curriculum on our website.

Another super morning for boosting our topic!

Super predictions and super explanations!

Super creative skills!
