

COLUMN ADDITION

TOP TIPS

- Keep the columns in line.
- Always start with the units.
- Next go on to add the 10s.
- Don't forget that you're adding 10s now!
- Then add the 100s and total it all up!

	<u>Th</u>	H	T	U
		4	5	6
+		7	8	9
	1	2	4	5
		1		

$50 + 80 = 130$ then don't forget to add the ten you carried over. Carry the 100 over to the 100 column.

$6 + 9 = 15$
Carry the ten to the tens column
